5TH CELL & GENE EVENT – "OPEN X-CELLERATOR"

SHARING BEST PRACTICES IN CELL & GENE SUPPLY – COLLABORATIVE DIALOGUE ACROSS THE INDUSTRY

We are happy to fully confirm our next in-person Open X-CELLerator community event. Reserve the date into your calendar:

📅 **Thursday, May 16th, 2024 | 12:30 - 6:00 pm CET**

OutOfOffice | Geleitsstraße 14 | Frankfurt am Main

In partnership with Arvato, Hypertrust & Time:Matters Lifescience, the selected frame is:

"Sharing Best Practices in Cell & Gene Supply – Collaborative Dialogue Across the Industry"

- Future Vision of Manufacturing: Advantages and Challenges of Different Models
- Data, IT + Interfaces: Digital Landscape for CGT
- Fresh vs. Frozen: How to Mold Different Temperature Ranges of Critical Material?
- Cooperation: Industry Ecosystem of the Future

The event will have a strong focus on panel discussions, working groups and personal exchange to create new and sustainable relationships. From our point of view strong collaboration and trustful partnerships across the industry will be key for success.

Do not miss the rare opportunity to meet and engage with thought leaders and pioneers – and register now!

We are looking forward to welcoming you in Frankfurt.

Andreas Olpeter

HIGHLIGHT: APRON TOUR AT FRANKFURT AIRPORT ON MAY 17TH

Optional participation in an Apron Tour at Frankfurt Airport with time:matters on May 17th for 20 participants.

What is important to consider when products are not allowed for hand-carry transportation? How can you ensure transparency of process and control when shipping cryo-preserved CBUs or ATMPs? And how did we ensure smooth transatlantic transportation during the pande-

mic when passenger flights did not operate?

Dive into an airport's operation off-side the passenger trail. Explore the particularities of air freight handling and cargo and feel like a time:matters apron monitoring agent for a day.

Seats are limited, it is first come first served. If you are interested please contact:

chiara.braxmaier@time-matters.com

BE PART OF THE COMMUNITY

Open X-CELLerator is a community with focus on Advanced & Personalized Therapies to discuss supply chain related challenges and solutions.

It provides a shared problem awareness and enables to connect and exchange with leading stakeholders from the industry. The members of this community have profiles and experiences that closely relate to activities with supply chain aspects of Advanced Therapies.

We strive to establish the industry community of interest for a patient-centric and globally harmonized Cell & Gene supply.

For the ones we love.

- ⊕ Bringing industry together
- ⊕ Networking & relationship building
- ⊕ Exclusive group of participants
- ⊕ Q&A sessions and panels with experts
