BE PART OF THE COMMUNITY

X-CELLerator is a community with focus on Advanced & Personalized Therapies to discuss supply chain related challenges and solutions.

It provides a shared problem awareness and enables to connect and exchange with leading stakeholders from the industry. The members of this community have profiles and experiences that closely relate to activities with supply chain aspects of Advanced Therapies.

We strive to establish the industry community of interest for a patient-centric and globally harmonized Cell & Gene supply. For the ones we love.

- ⊕ Bringing industry together
- ⊕ Networking & relationship building
- ⊕ Exclusive group of participants
- ⊕ Q&A sessions and panels with experts
