4th Cell & Gene Event – "Open X-CELLerator"

NEXT GENERATION SUPPLY CHAINS FOR CELL & GENE THERAPIES AND ATMPs

We are happy to fully confirm our next in-person Open X-CELLerator event. Reserve the date into your calendar:

📅 **Thursday, May 25th, 2023 | 12:30 - 6:00 pm CET**
OutOfOffice | Geleitsstraße 14 | Frankfurt am Main

In partnership with Hypertrust & Arvato, the selected frame is:

"Next Generation Supply Chains for Cell & Gene Therapies & ATMPs".

- Digital and technology enablers to create lifesaving supply chains for ATMPs
- Creating resilient supply chains for personalized therapies
- Need for standardization and collaboration to increase supply chain efficiency
- Customer insights and learnings from a commercial launch and recommendations for the industry

The event will have a strong focus on panel discussions, working groups and personal exchange to create new and sustainable relationships. From our point of view strong collaboration and trustful partnerships across the industry will be key for success.

Do not miss the rare opportunity to meet and engage with thought leaders and pioneers – and register now!

We are looking forward to welcoming you in Frankfurt.

Andreas Olpeter
VP Sales & Business Development

KEY DATA

EVENT DATE	May 25th, 2023 12:30 - 6:00 pm
VENUE	OutOfOffice Premises Geleitsstraße 14 Frankfurt am Main
LANGUAGE	English
PRESENTER	Matt Beadle
DRESSCODE	Business Casual

PRESENTER

Matt Beadle is a native speaking English presenter, moderator, host & MC for TV, film, events, web-TV, fairs and podcasts who works in mainland Europe.

VENUE

A space full of creativity and craftsmanship in the middle of the busy life of a metropolis, like in a workshop where you can invent new things and craft new ideas together.

EVENING EVENT: BARBEQUE

START Drinks & BBQ from 6:30 pm

DINNER

From the roof terrace you can expect a spectacular view directly on the skyline. After a nice aperitif we will have a barbecue and time to dine, chat and celebrate.

BE PART OF THE COMMUNITY

Open X-CELLerator is a community with focus on Advanced & Personalized Therapies to discuss supply chain related challenges and solutions.

It provides a shared problem awareness and enables to connect and exchange with leading stakeholders from the industry. The members of this community have profiles and experiences that closely relate to activities with supply chain aspects of Advanced Therapies.

We strive to establish the industry community of interest for a patient-centric and globally harmonized Cell & Gene supply.

For the ones we love.

- ⊕ Bringing industry together
- ⊕ Networking & relationship building
- ⊕ Exclusive group of participants
- ⊕ Q&A sessions and panels with experts
